

Ridgeview at Stetson Hills Master HOA Commercial Vehicle Review Questionnaire

1. Can the vehicle fit inside the garage? YES or NO
 - a. If yes, per Section 5.11 of the Covenants, commercial vehicles should be stored in a completely enclosed building, i.e. garage. We'd ask that if your vehicle fits, you store it in the garage.
 - b. If no, please proceed to question #2, below

2. Is the vehicle privately owned by the property owner or resident? YES or NO

3. Is the vehicle registered to a property address inside the HOA? YES or NO

- a. If no, provide the owner and address to which the vehicle is registered:

Owner: _____
 Street: _____ City: _____ Zip Code: _____

4. Do you own or operate a business from the property in the HOA? YES or NO If yes please provide details.

6. Where is the vehicle parked or used when not parked inside the HOA? _____

5. Please provide the Gross Vehicle Weight Rating (GVWR) of the vehicle: _____. **Please provide picture of the vehicle's certification label. The label is normally found along the inside edge of the driver's door jamb area. See example label below.**

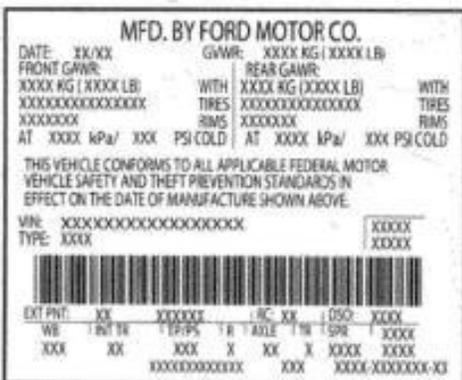

7. Is the vehicle able to be parked in the driveway without blocking or overhanging the sidewalk? YES or NO Provide length of driveway from garage door to sidewalk and length of vehicle in inches if NO.

8. Please provide make, model and year of vehicle. _____

9. Provide pictures of the vehicle (all sides).

10. Provide justification why the vehicle must be temporarily parked inside the HOA if not privately owned.

Signature: _____ Date: _____
 Print Name: _____ Email Address: _____

Please note that under City Code and HOA Covenants parking of Commercial vehicles is restricted. Under CO State Law only officially marked police, fire, EMS and volunteer fire dept. vehicles required as condition of employment are exempt.
