Community Center Garage Sale Success

A big thanks to the residents who helped coordinate the Community Center garage sale, and to you who purchased items, as CityView renovates our Community

Center with new furnishings! The sale was a great success: We sold or donated all of the pieces the Association didn't retain, and netted \$3,950 for the Association, which will be deposited into the Community Center Reserve account. Thanks to everyone!

Balcony & Patio Access

If you are in a 1st floor Unit, please remember to use your Unit door for primary access to your Unit, rather than your balcony/patio gate and door. This is important to reduce wear and tear on the common area landscaping, and to ensure secure balcony/patio doors at all times (don't leave them unlocked and don't leave a key outside where it could be found and used to access the building). We appreciate your help!
