CityView First E&F Unit Sales Closings Today

CityView closed on the sale of its first seven (7) condominium Units in Bldgs E&F today. The Association does not have information on pending sales, but we are very excited to see these first sales take place!

Annual Meeting Reminder - Monday, December 11, 2017, 7:00 PM

Please mark your calendars to attend the Association's upcoming Annual Meeting and Budget Ratification, being held on **Monday, December 11, 2017, at 7:00 pm** in the newly renovated Community Center (2nd Floor). Please remember to attend this important meeting, OR, if you are unable, please submit your completed proxy form to Management by the meeting date.

Community News

Community Center Renovation Update

Your Association Management team will be moving into our newly renovated offices over this weekend, and we will be open for business there on **Monday, December 4, 2017**. You will be able to access the Community Center through both the south and north entries. Please use the north entry for any Association-related business, until we have our IT department relocate the Administrative computers and phone early next week. Thank you for your patience!

New Years Day Brunch Tickets - On Sale Tonight!

Get your New Years Day Brunch tickets now! The New Years Day Brunch will be **Monday, January 1, 2018, from 11 am - 2 pm**, on the 2nd floor of the newly renovated Community Center. Tickets are \$15 per resident, \$25 for guests, and \$5 for children under 14. See the Concierge desk to get your tickets - and see the attached flyer!

Fireplace Pilot Lighting Procedure

If you had turned off your gas fireplace pilot light for the season and need to get it turned back on now, and aren't sure how it's done, here are simple instructions taken directly from your original fireplace manual:

LIGHTING PILOT: Depress and turn gas control knob counter clockwise to pilot position. Depress fully and hold pilot gas knob. Depress piezo igniter as many times as needed to ignite pilot. Keep knob fully depressed for a few seconds. Release and check that pilot continues to burn.

TURN PILOT OFF: Depress and turn gas control knob clockwise to "OFF" position.
