**1665 33rd Street Project - Fruehauf's Site Redevelopment
Developer Discussion**

As many of you know, quite a few homeowners attended the Planning Commission's hearing on the 33rd St/Academy project, and several individuals spent over 4 hours at the City Council meeting last week. A small group has also engaged in discussion with Michael Bosma, the developer. They've arranged to have a conversation with him here at the Community Center **next Tuesday, the 17th, at 6PM for a hour or so.**

If anyone would like to join this conversation, please contact Mallory Kates (mallory@mallorykates.com) Ted Noyes (enoyes@live.com) or Martha Paulson (marthampaulson@gmail.com), just so that we have some idea of how many people to expect.
