Remodeling and Construction Debris - No Dumping

Please remember to not place construction debris and material from remodeling or other work inside of your Unit in the Association's trash or recycle dumpsters. The dumpster sizes and pickup schedule is based on normal residential (and commercial for those Units) trash and recycle use, and is not intended to accommodate large additional materials. Thank you for helping the Association keep its trash and recycle costs within budget.

Recycle Tip: No Plastic Bags Please!

Please don't put your recycling in a plastic bag OR put plastic bags in the recycling. Plastic bags are not recyclable through our curbside recycling program. You can recycle them at CHaRM or many local grocery stores. Want more recycling information? Visit <http://www.ecocycle.org/> for more information.
