### A Message from Your Peloton Neighbors

One of our longest time (and oldest) residents needs some help. Naomi Triplett is 95 and on her own in the world. Recently, she took a fall. The responders had to break her door to reach her. She was treated first at the hospital and is now in a rehab facility. Here's a link to a Go Fund Me page set up to help with the door repair and to make life a little easier for Naomi during recovery:

Please take a moment to have a look at the page and contribute whatever you are comfortable with. And we look forward to having her back home soon!
