Defect Repair Committee Formed - Members Appointed

As referenced in our August 15, 2018 EBlast, the Board of Directors has now formed the 5-member Defect Repair Committee, to prepare and submit recommendations to the Board of Directors regarding the use of the construction defect settlement funds (such as contractors to be engaged, repairs to be made, scope of repairs, etc.). Board Members interviewed 5 Peloton Owner candidates who had expressed interest in being on the Committee, and earlier this week voted to appoint 3 Association Members. The Members of the Defect Repair Committee are:

- Ted Noyes (Chair)
- Rita Lochner
- Mallory Kates
- Jeff Erickson
- Dan Gray

The Board and Management greatly appreciate the interest expressed by all 5 candidates and their willingness to serve their community. The first meeting of the Committee will be held **Thursday, September 13, 2018, at 4:00 pm** in the Community Center Meeting Room.

Safety First - Do Not Allow Strangers to Tag In

Please be diligent in controlling access to our condominium and Community Center buildings, by not allowing unknown persons to "tag in" as you enter the buildings. If you see someone you can't confirm as a resident trying to enter a condominium building, please ask them to use the tele-entry feature to call the person they are there to see, rather than letting them in the building. This is for all of our protection and is much appreciated!
