All Condominium Building Fob Access Now Available

Following the recent Owner comment period, the Board of Directors voted earlier this month to allow Peloton residents to request and receive fob programming allowing them access to all condominium buildings (C, D, E and F), regardless of the building you live in, on a one-by-one basis. This all-building fob access may make it easier and safer for some to move between buildings to visit friends and neighbors. If you are interested, please come in to the Management office to request this fob reprogramming.
