Spin Room Floor Refinishing & Closure April 15-17, 2019

The hardwood floors in the Spin Room will be refinished by Floor Crafters beginning Monday, April 15 and continuing through end of day on April 16, 2019. An additional partial day (the 17th) will be needed for dry time. The Spin Room will be closed for use during this time. While we will do our best to keep fumes from the project from impacting the rest of the Fitness Center, and are using a water based product, we do expect some fumes. Thank you for your patience as we address this needed maintenance item.

Peloton Movie Night - "Green Book" - Monday, April 15, 2019, 7:00 PM

Our next movie Monday night, April 15, at 7PM will be Green Book, (2018) directed by Peter Farelly and starring Viggo Mortensen and Mahershala Ali. This movie was voted the Academy Award for Best Picture and Ali was awarded Best Supporting Actor. Mortensen was also nominated for Best Actor. A working-class Italian-American bouncer becomes the driver of an African-American classical pianist on a tour of venues through the 1960s American South. The title refers to a cautionary travel guide available to black Americans who drove around the United States of America from 1936 into the 1960s. The book listed places where it was safe to stop to eat, buy gas and to sleep without being humiliated or physically attacked by white Americans. This film has been criticized by some who feel it suggests this racism only occurred in the south when it was a fact of life in the northeast, the mid-west and places like Denver, Colorado, too. See you Monday night at 7.
