Safety First - Do Not Allow Strangers to Tag In

Please be diligent in controlling access to our condominium and Community Center buildings, by not allowing unknown persons to "tag in" as you enter the buildings. If you see someone you can't confirm as a resident trying to enter a condominium building, please ask them to use the tele-entry feature to call the person they are there to see, rather than letting them in the building. This is for all of our protection and is much appreciated!
