Next Defect Repair Committee Meeting - Tuesday, September 17, 2019, 4:00 PM

The next scheduled meeting of the Defect Repair Committee will be held on Tuesday, September 17, 2019, at 4:00, in the Community Center 2nd Floor Meeting Room. We invite and encourage you to attend!

Bldg E&F Roof Replacement Project Update

The roof replacement project on a portion of Bldg E&F is going well, but taking longer than initially projected. This is primarily due to the Unit roof top air conditioning (AC) unit disconnections and reconnections taking longer than anticipated. The contractors must drain down and recharge each AC unit, and while some are relatively quick others are not. The last few weeks of the project will be installation of the new parapet cap detail (around the edges of the roof, which you can see from the ground) after all the roof membrane has been installed. It is now estimated that the project will be completed by the end of October. We greatly appreciate your patience as we complete this necessary work.

Peloton Movie Night - "The Young Victoria" - Monday, September 16, 2019, 7 PM

Our next feature, Monday night, September 16, at 7:00pm will be "The Young Victoria" (2010), starring Emily Blunt as Queen Victoria & Rupert Friend as Prince Albert. Directed by Jean-Marc Vallee. In 1819, a child is born in a London palace. Caught between two Royal uncles – the King of England and the King of the Belgians – she is destined to be a Queen and to rule a great empire. Unless she is forced to relinquish her powers and sign a "regency order." A Regent is appointed to govern in place of a monarch who is absent, disabled ... or too young. Bring your own popcorn or snacks (preferably in a bowl or a "quiet" zip lock bag). See you Monday at 7pm at CC Theater.
