Dogs Off Leash - A Growing Problem

We are making a plea to all Peloton dog owners to PLEASE observe the City of Boulder ordinance and Peloton Rules and Policy on keeping all dogs on a leash and within your control at all times. Dogs off leash are a risk to themselves (vehicle traffic, other dogs) and to others (other dogs, people). Compliance is required and violation notices will continue to be issued (eventually resulting in fines and potentially further enforcement action if not cured) to dog owners observed with dogs off leash or not within their control.
