Condominium Building Interior Common Area Painting Update

Management and the Architectural Review Committee (ARC) earlier this week completed an interior common area painting punch list walk of Bldg C with Hammersmith Construction Services (HCS) and its painting contractor Prep-Rite Coatings, to identify areas that Prep-Rite still needs to address. We will conduct a punch walk for Bldg D next week. Painting in Bldg E began this week as well. Thank you for your patience as we move through this scheduled improvement project! It is looking great!

Please Re-Rack Weights in Fitness Center

Please observe proper gym etiquette and remember to place any weights you use during your Fitness Center workout back on their racks. Not doing so may create a problem for the next user if they are unable to safely remove the weights left on the equipment.

New Vehicle? Please Provide New Info to Management

If you are parking a vehicle in the Garage other than what has already been registered with the Association, please be sure to provide the Management office with this new vehicle information. This is important so that we know which vehicles are authorized to park in assigned garage Parking Spaces. Thank you for your cooperation.
