This Monday Night Movie, March 2, 2020, at 7:00 pm will be a great classic (that means old and in black and white, John), The Treasure of the Sierra Madre (1948), directed by John Houston and starring Humphrey Bogart, Walter Houston and Tim Holt. This film about three men who set out to find gold in the mountains of Mexico in 1925 and find fortune but are threatened by bandits, and greed was nominated for Best Picture and won Academy Awards for Best Director for John Houston, Best Screenplay for John Houston and Best Supporting Actor for John's father, Walter Houston for Best Supporting Actor. It is an exciting and stirring film with a winning combination of adventure and insight into human frailty. If you've never seen it and you enjoy good film making you are in for a treat. Join us Monday night at 7:00 pm at the Community Center Theatre.

Sustainability Committee Community Recycling Updates

Plastic bag recycling program has ENDED - Please note that we are no longer recycling plastic bags in the C/D mail room. There was a lot of contamination and some food was even left in the bags, so the Peloton resident who deals with this decided it was too much work to sort through all the bags that should not be in there. You can recycle some plastic bags at grocery stores and CHaRM (<https://www.ecocycle.org/charm>).

Still Recycling Ink Cartridges and Toothbrush/toothpaste/floss and deodorant containers - The two other recycling programs are still in place (ink (jet and laser) cartridges and toothbrush/toothpaste/floss containers/deodorant containers). These programs are going really well! Attached is a flyer with more information for the personal care items (the program accepts all brands, not just Tom's of Maine). Please make sure all excess product has been removed (i.e. leftover toothpaste or extra floss). Additionally, if you choose to rinse your product (which isn't necessary), please make sure it is dry before you put it in the recycling bin.
