### Calendar Update:

#### April 23, 2020 Budget Advisory Committee EcoPass/Budget Meeting Cancelled

Due to the concerns surrounding COVID-19, the previously scheduled April 23, 2020 Budget Advisory Committee (BAC) community meeting to review EcoPass funding and other budgetary matters has been cancelled. We have received feedback as requested from some of you, which we appreciate and want to address. In lieu of holding an in person meeting with the community, the BAC will be compiling a Q&A (much like we have in past BAC reports) based on your feedback and questions, and others we believe the community will have, and plan to e-blast that out to you by the end of April 2020. We will include general budgetary issues and reserves in the Q&A, for a more comprehensive presentation. Please watch for that next month.

### COVID-19 Related Community Request - Let's All Keep it Clean

Management has increased its cleaning and sanitizing of frequently touched surfaces, and installed hand sanitizer stations in all elevators. We will continue to add cleaning supplies as we receive additional supplies on back order. But, we need your help! Please make a point to clean up after yourself if you make a mess on common area. Last night, we cleaned up a full broken glass jar of pickled artichokes that someone dropped in one of the elevators, which took us away from other important duties. Thank you for your help with this!

### Condominium Building Interior Common Area Painting - Completed March 13, 2020

With the COVID-19 pandemic impacting all of our lives recently, Management was busy with other important community news and so hadn't yet informed you that the condominium building interior painting has been completed! The work was finished as of March 13, 2020. Hammersmith Construction Services (HCS) and its painting contractor Prep-Rite Coatings, did a great job on this work, with a timely finish as well.
